

Appl. No. 10/719,740
Amdt. Dated August 8, 2005
Reply to Office action of May 6, 2005

Amendments to Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A pressure-inducing device for use in tactical procedures comprising a linear shaped bar having a first and a second end, said bar having a tapered shape at the first end and an end cap attached to said first end, such that said end cap is used as the contact point to induce pressure to an individual's body at a desired location, said end cap also having a tapered shape in the range of 25 degrees to 33 degrees.
2. (Original) The pressure-inducing device as described in claim 1 further comprising a handle attached to the bar at a location in close proximity to said second end of said bar, said handle used to control of the device.
3. (Original) The device as described in claim 1 wherein taper is approximately 25 degrees.

Amendments to Drawings:

Applicant has submitted Figures 1, 2 and 3 as described in the specification.
